PROYECTO
LA NUEVA ESPERANZA

“Serving the
community for a
better quality of
life.”

Who are we?

Proyecto La Nueva Esperanza, Inc., is a non-profit community base organization incorporated on October 20, 1993. The entity started as an initiative from members of “Iglesia Presbiteriana Antonio Badillo Hernández” who were concerned about the social problems faced by the residents of the San Antonio community.

The community is located just near Sector Campo Alegre (where our office is located), in Barrio Montaña (in the Municipality of Aguadilla). We provide services to San Antonio, Campo Alegre, and nearby áreas. Our organization is the only one providing these services in the area.

A healthy meal is distributed to our elderly participants during weekends.

Vision

To develop the aptitudes and skills of individuals living in an underprivileged community so that they aspire to and achieve a better quality of life.

Mission

To offer services that help an underprivileged community acquire the knowledge and skills necessary to succeed in the social, economic and educational areas by serving as a liaison between the community and government and private agencies.
