

#VSLA  
A Village Saving and Loans Association (VSLA)

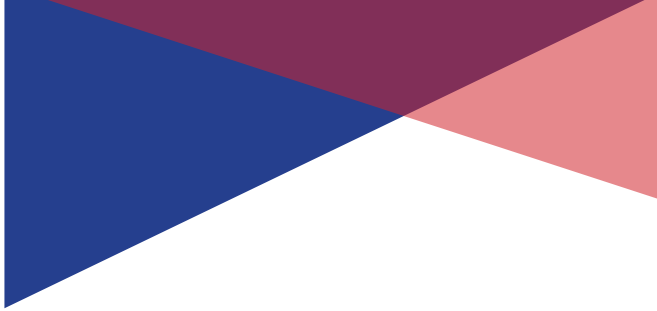

**A** HCM started a VSLA comprised of local women at Lukwanga parish, to facilitate improvement of their income, so that they are able to support their children.

Namutebi Aisha, one of the group members, borrowed money from the group and started running her own business. She invested in selling sweet potatoes and below is her story of how the funds helped her transform her life. Before I joined the VSLA, I woke up each day to do subsistence farming. After joining, I started a business of selling potatoes and sugar cane. This has given me a purpose in my life and I am able to meet my family's basic needs better than I could before.

**MUKISA JOHSUA**

Joshua is a care free, happy-go-lucky boy and gets into mischief. He likes to learn, put things together and knows how things work. He does well with positive words. In many ways, Joshua is typical for his age. He was referred by the Probation and social welfare Officer of Nansana Municipality on 4th /7/2016 at only two months. The child was referred for temporary custody as police investigates to ascertain his actual parents. Joshua is now 2 years old and was enrolled in Kindergarten this year.

.....With a  
Loving Heart

## Water Tank

11 school water tanks translate into safe water for hundreds of pupils, students and teachers. The school water tanks have transformed the lives of not only the students and teachers, but the community as a whole. This is majorly in the area of health, reduced costs in paying for water and ample study and relaxation times for the children.

Sanitary Pads to  
young adults of  
Kabanga Community

## Children's Vocational School

AHCM has started a vocational school that will impart sustainable skills to the youth especially those that are victims of child abuse such as child labour and prostitution.

**N**assali Leticia joined AHCM in 2009. Leticia was only 12 years old.

With help from our donors, AHCM runs a child sponsorship program for the orphaned and vulnerable children. Leticia and hundreds of other children were able to attend school. Leticia, an academically gifted and hard-working young woman, showed great promise and determination to succeed.

She was accepted into a tertiary Institute in 2015 and AHCM found a family to sponsor her education. In 2017, Leticia graduated with a Diploma in Art and Design!

**Today Leticia is working**, full of life and happy. Leticia's life is filled with promise because of Another Hope assistance and her own hard-work and determination.

## About Us

Another Hope Children Ministries (AHCM) is a Christian Non Profit Organization registered by the Uganda Government (S. 5914/8153) committed to meeting the spiritual and physical needs of vulnerable children in Uganda, through strategic partnership, ministering and undertaking specialized and sustainable child focused initiatives.

## Objectives

- To provide accommodation, food and clothing to orphan and abused children in a family-like environment.
- To provide pre-primary, and secondary education and vocational skills for imparting market-oriented skills to enable self-sustenance. (This is a long-term objective).
- To modify children's behaviour.
- To take care of children's health.
- To take care of children's health.
- To help the staff and parents/ graduation to serve the children better
